HARRY MILLER, Manager.

McCarty Considered a "Pest" and Was Ordered Away From Gym.

Chicago, Dec. 13.—Luther McCarty's perserverance was his principal asset as a boxer when he first announced his desire to become a prize fighter, according to a story told by "Bill" O'Connell, a local trainer.

The man who on Tuesday night vanquished Jim Flynn at Los Angeles was considered a "pest" by O'Connell and finally was told to stay away from the gymnasium. McCarty refused to do as he was told and finally the door keeper was instructed to keep him out.

vin spite of everything I did to discourage him," said O'Connell, "he persisted in coming around. Finally I tried to get him a manager, but no one cared to take a chance with him. Then he started out on his own accord and found a manager himself. He was an apt pupil and rapidly developed into a good boxer and I am glad to see him successful. He now has all the qualifications of a champion and I have to admit that I was fooled by him. I expect him to become the white champion."

porary. Consumption is dreaded by everyone. Those who had it and used Eckman's Alterative can testify to its beneficial effects. No one need doubt it—there is plenty of evidence from live witnesses. Investigate the following:—

"Gentlemen: Prior to Feb., 1908, I was located in Rochester, N. Y., suffering with LaGrippe, which developed into Tuberculosis. My physician gave me one month to live. I was having terrible night sweats and mid-day chilis and losing flesh rapidly, having gone from 165 to 125 pounds. I coughed and raised continually and ocame so weak that walking a few feet exhausted me. On my return home, my regular physician gave me little encorragment. My father, who is a clergyman, heard of Eckman's Alterative and induced me to take it. The night sweats and chilis disappeared, my cough became easier and gradually diminished and in a few days I developed an appetite, the first in months. I am now in perfect the lith, back to 155 lbs. I feel certain that I owe my life to Eckman's Alterative."
